

Shubham .

Senior Software Engineer

Senior Software Engineer with 4+ years of expertise in frontend development, specializing in the React ecosystem and financial sector web applications. Proven track record in leading development teams, architecting scalable B2B solutions, and optimizing application performance. Experienced in progressive roles from trainee to senior engineer, I bring a strong foundation in coding, problem-solving, and collaborative development. Passionate about delivering innovative solutions, I am eager to contribute my skills to impactful projects while continuing to grow professionally within a dynamic team environment.
